

ROCK TO THE TOP

Rock climber James Kaczmarek knew that sunrise at Robbs Monument, a rock formation alongside the Kuranda Scenic Railway at Barron Gorge National Park, about 27km northwest of Cairns in far north Queensland, would create a spectacular image. The picture, which features his climbing buddy Glen Hayford, won him Best Photograph at this year's Visioning the Outdoors Film and Photo competition run by Brisbane-based QORF (Queensland Outdoor Recreation Foundation), which aims to promote outdoor activities. qorf.org.au
